No. 1590 //Dt. 15.05.2024 //

NOTIFICATION

After introduction of CBCS system, many passed out students of UG & PG courses of erstwhile D.D.(Autonomous) College, often enquire about the formula for conversion of CGPA to approximate percentage of secured marks as required while applying for higher studies / jobs etc. It is hereby clarified that the issued mark sheets contain both **Grade & Marks** against each paper as well as SGPA and aggregate marks in each Semester. It also contains aggregate percentage of Marks and also CGPA. As such, formula for conversion of CGPA to approximate percentage of marks is not necessary.
